

CERTIFICATE OF PARTICIPATION

APRIL 21-30

Syrym Akhmatulin

The 2026 VEX Robotics World Championship, presented by the Robotics Education & Competition Foundation, brought nearly 2,400 teams from 58 nations together to celebrate STEM excellence. Student-led teams ranging from elementary to university-level showcased their strategy, teamwork, and desire to be crowned champions at the world-class global event held at the America's Center Convention Complex in St. Louis, Missouri.
